PROJECTS

Gust Legal Records Product Mar 2015 – present

Designing web app for generation of legal records, specifically for startups hoping to raise money from investors in exchange for equity, using Sketch.

Google Account Sign In Jun 2014 – Dec 2014

Designed mobile web and embedded web versions of [sign in experience](#) for Google, with necessary variations for number of accounts and responsive breakpoints, using Illustrator and Photoshop.

QuickBooks Mobile for Android First Use Experience Oct 2011 – Dec 2011

Redesigned [landing and sign-in experience](#), in order to help users identify which account to use, understand purpose of app, and get help in the easiest manner possible. Used Illustrator, Photoshop, and Android IDE. Reduced failed sign-ins by 21% and increased trial subscriptions by 50%.

EXPERIENCE

Lead UX Designer, Gust

New York, NY / Jan 2015 – present

- Creating simple Invision prototypes for user testing and communicating with team members.
- Conducting phone interviews with entrepreneurs and identifying pain points.
- Collaborating with remote team members in California and Europe using Trello, Slack, and Hangouts.

Contract UX Designer, Google

Mountain View, CA & New York, NY / Dec 2013 – Dec 2014

- Coordinated with teams across the company to design unified account switching pattern.
- Defined pattern for displaying current account on multiple platforms. Designed mocks in Illustrator.

Senior Visual Designer, Intuit

Mountain View, CA / Oct 2010 – Dec 2013

- Using Photoshop and Illustrator, created first-use experience for QB Mobile for Android.
- Led visual design for tablet version of QuickBooks Mobile for Android, from concept to market release.
- Worked closely with developers in Bangalore and Mountain View to improve and release features.

Freelance Interactive Designer, various clients

Seattle, WA / Jan 2010 – Oct 2010

- Designed HTML websites using Photoshop and Illustrator for clients, including Microsoft, Fell Swoop, and Seattle nonprofit CCER.

Designer, POP

Seattle, WA / Apr 2009 – Feb 2010

- Using Photoshop and Illustrator, designed HTML and Flash websites for [Target](#), Nintendo, Microsoft, the San Francisco Opera, and more.
